

Occupational Health and Safety Policy

WA Fuel is committed to providing our customers with constant, easy, and safe access to fuel throughout Western Australia. We are a Western Australian owned company providing the following services:

- Operational management of depots.
- Bulk fuel supply and delivery.
- On site refuelling.
- Fuel tank supply, delivery, and maintenance.

WA Fuel has established an Integrated Management System (IMS) to address our quality, occupational health and safety, and environmental requirements.

We are committed to:

- Making safety the first and last consideration for every aspect of our operations.
- Providing a safe and healthy work environment for the prevention of work-related injury and ill health.
- Protecting our workers and customers by providing world leading fuel storage and refuelling systems and implementing best practice refuelling procedures.
- Eliminating hazards and reducing health and safety risks.
- Fulfilling our legal and other compliance obligations.
- Continuously improving our health and safety performance and IMS.
- Maintaining our IMS in accordance with 45001:2018 Occupational Health and Safety Management Systems.
- Consulting with and including our workers in the development, implementation, and review of our IMS.
- Establishing measurable objectives to continuously improve our health and safety performance.

We will ensure that our Occupational Health and Safety Policy is available and communicated to our workers and interested parties.
